

CONCEPT TO CREATION INC.

MISSION STATEMENT

Concept to Creation Inc. is an educational non-profit organization established by a group of accomplished writers, directors, and artistic professionals. Our aim is to provide valuable support to fellow creators through a series of networking events and workshops held at popular arts conventions.

WHAT WE PROVIDE

Concept to Creation Inc. offers professional networking events and workshops that help aspiring creators in the creative process. At conventions we feature expert panelists who share insights on inspiration, direction, and resources. Our events provide an opportunity for creatives to network, learn from professionals, and engage in networking games. We include Q&A sessions with creative professionals, donor gift bags, and raffles.
